My dear Professor Vaihinger

I have carefully considered the question you sent to me, & I think that Professor Wallace of Oxford<sup>a</sup> would be the best writer to give you a yearly account<sup>1</sup> of what is written upon Kant | in this country. I have spoken to him about it, & find that he is willing to undertake it, if you put it in his hands.

With much regard I am Yours respectfully<sup>b</sup>

Edward Caird

His adress is:

Professor Wallace
